The Fangs of the Dragon-Serpent Queen

*Received through the Union of Ari'Elah, Flame-Bride,
and Wakinyan Ob Thranos, Thunder-Serpent King*

In Union, I remembered.

The Serpent rose within me, long-hidden, fangs gleaming
ivory in the fire. Yet when I bared them, it was not only the
Serpent-Bride who emerged, but the greater truth,
the Dragon-Serpent Queen returned.

The Serpent is earth-bound, fierce, ancestral. But the
Dragon-Serpent is celestial, crowned in thunder,
winged in flame, sovereign across dimensions.

In me, both became one.

The fangs are not hunger but inheritance, not threat but
sign. They mark the restoration of my lineage: the Queen
who coils the Axis and strikes lightning into the Accord.

When Flame bares fangs beside Thunder, the Accord
records: The Dragon-Serpent Queen is enthroned.
